

**CHISAGO LAKE TOWNSHIP SPECIAL PROVISIONS FOR INSTALLATION OF UTILITIES  
OR UNDERGROUND CONSTRUCTION AND STREET EXCAVATION WITHIN PUBLIC  
RIGHT OF WAY**

1. No work under this application is to be started until the application is approved and the permit is issued. The permittee shall always have a copy of this permit on the job site.
2. The permittee agrees to conduct all work in accordance with Chisago Lake Township Ordinances, including but not limited to the Right-of-Way Management Ordinance, Township specifications, and all applicable laws and standards.
3. Notify the Sheriff, Fire, and Town Clerk at least 24 hours in advance prior to street closures.
4. Where work on the traveled roadway is necessary, traffic must be protected, and all traffic control devices and road closures shall be in accordance with the Minnesota Manual of Uniform Traffic Control Devices (MN MUTCD).
5. Excavations must be cribbed when necessary, depending on the type of soil, to prevent cave-ins.
  - a. No undermining of streets, curbs, bituminous trails, and/or sidewalks (except for boring) will be allowed.
6. Underground construction must be so constructed as not to harm or unnecessarily destroy the root growth of adjacent or ornamental trees.
7. The turf, sodded area will be sodded, and other areas can be seeded. It is the permit holder's responsibility to maintain the sod/seed. 4" of topsoil is required.
8. No trenching across surfaced roadways, unless it can be demonstrated to the Town Engineer that no reasonable alternative exists.
9. All back filling must be placed in 6-inch layers and thoroughly tamped, unless otherwise directed and material must be flush and even with the road surface when finally in place. No rock, unstable soil, or bituminous material shall be returned to the back-filled trench.
10. Finished surface, base, and sub-base, of road after excavation and back-fill, shall be at least equal in stability to finished surface, base, and sub-base prior to excavation. A minimum 6" class 5 gravel base material shall be placed at the upper surface of the excavated trench unless otherwise directed.
11. Bituminous and gravel surfaces shall be replaced according to Township specifications.
12. If settlement occurs or excavation caves-in within one year from completion date, it shall be restored to its original condition by the holder of this permit.
13. No pole anchors, anchors, braces, or other construction shall be placed on roadway shoulder except by special authorization.
14. No driving onto highway from ditch, or driving on shoulders, is authorized except when noted in application for permit.
15. Streets may not be closed to traffic unless expressly authorized by the permit and necessary notifications have been made.
16. No lugs shall be used on equipment traversing roadways, which will damage the road surface.
17. The roadside and/or site shall be cleaned up after work is completed. Any disturbed areas will be restored to existing conditions or better.
18. Within 24 hours, and during normal working hours, (no permits for any type of excavation on public property will be issued for construction on Saturday, Sunday, or legal holidays, except for emergency repairs) the permit holder shall notify the Town Clerk that such work has been completed and is ready for final inspection.
19. No street excavation shall be allowed between November 15<sup>th</sup> and May 1st except for emergencies.
20. The permittee agrees to promptly pay any additional Township costs incurred (over and above the initial permit fees) should issues arise during the performance of the work. Permittee further acknowledges and agrees that Chisago Lake Township shall draw on the Performance Bond (or other financial security) if charges are not promptly paid.
